

Figure 6 illustrates folding of a lower portion of the key packet detached from the registration form as illustrated in Figure 5.

Figure 7 shows the key packet following completion of the fold illustrated in Figure 6.

Figure 8 illustrates folding of the key packet about a vertical line of perforations.

Figure 9 illustrates insertion of a room key card into a key card slot within a key packet.

In the Drawings:

Substitute the enclosed drawing sheet for the previously filed drawing sheet containing Figures 1A, 1B, and 1C.

In the Claims:

Claim 1, page 9, line 5, please delete "separated the" and insert – separated from the --.

Claim 7, page 10, line 12, please delete "claim wherein" and insert – claim 1 wherein --.

Claim 7, page 10, line 13, please delete "from metal" and insert – from a group consisting of metal --.

REMARKS

Claims 1-7 are now pending in the application. In an Office Action dated October 1, 2000, the Examiner has requested changes to Figures 1A-C, objected to originally filed figure captions in the "Brief Description of the Drawings" section of the application, and objected to claim 1 because of a grammatical error. Applicant's representative has included a drawing sheet with the Examiner's suggested change and has amended claim 1, above, to correct the grammatical error. Applicant's representative knows of no requirement for separately listing figures in the "Brief Description of the Drawings" section, and it has been Applicant's representative's common practice to group together related figures in a single
